

## Information Modeling Project/FHIM Meeting Summary of Call

**Date/time of call: Friday, March 21, 2014 2:30 - 4:30 PM**

Attendees - Agency	Attendees-Agency	Invited, but Unable to Attend
Gregory Zektser- VHA	Huma Munir	Krystol Shaw- DHA
David Bass-	Steve Wagner- FHA	Sean Kopka – VHA
Steve Hufnagel- DOD	Caitlin Ryan-FHA	Susan Matney
Sean Muir - FHA	Sara Ryan	Lynn Sanders-VA
Robert Crawford – VA	Rob McClure	Jay Sykes
Benton Bovee- DHA	Galen Mulrooney – FHA	Larry Callahan- DHA
Mead Walker	Bill Hess	Ioana Singureanu
Jay Lyle – FHA	Jackie Mulrooney	Iona Thraen-

### Updates on S&I Framework integration/initiative and FHA Work *Steve Wagner*

- Steve updated that there was an article on HealthIT , written by Dr. Doug Fridsma, on its two significant milestones: The HealthDecision Initiative closed out and their launch of a Clinical Quality Framework Initiative
- The FHIM team continues to support the DAF and SDC initiatives.
- The minutes to the FHA HIM WG have gone out; an email regarding the type of participation needed will go out to the Managing Board this week.

### Terminology Modeling Update *Jay Lyle*

- The terminology group looked at the adverse event domain; on Wednesday they considered the two healthcare acquired sections of the ICSR.

### Other business

- No other business was discussed.

### Review of Process Guides for Information/Terminology/Implementation Modeling

- Jay provided a brief review of each of the Process and Styling guides.
- These should all integrate with one another and have no contradictions.
- It was suggested that when the Terminology Modeling Process Guide is published that it may be helpful to have exportable diagrams for implementation.
- The guides have been put on the OHT site, you may review them by following the links provided. There is a possibility of putting these links on the HealthIT site, Steve will update the group on this.
  - **Terminology Modeling Process Guide:** This document describes the process of developing terminologies to support the FHIM.  
<https://www.projects.openhealthtools.org/sf/go/doc1853?nav=1>
  - **Information Modeling Process Guide:**  
<https://www.projects.openhealthtools.org/sf/go/doc1549?nav=1>

- **Information Styling Guide:** This document is a guide to styles and conventions used in FHIM modeling to help modelers make consistent choices.  
<https://www.projects.openhealthtools.org/sf/go/doc1152?nav=1>
- **Implementation:** The goal of this document is to provide guidance to implementers interested in creating semantically-interoperable standard-based specifications (implementation guides) using the FHIM as the underlying source of constraints and using Model-Driven-Architecture principles to add project-specific constraints.  
<https://www.projects.openhealthtools.org/sf/go/doc2004?nav=1>

You may also access these guides on on FHIMS.org at <http://www.fhims.org/links.html>

### **Modeling the Adverse Event Reporting Domain** *Galen Mulrooney*

- Jay reviewed a spreadsheet he put together of the ICSR Vocabulary and the group talked about ICH and the options for accommodating their existing code practices
  - o They don't think we could expect to change the practice of an international organization, and settled tentatively on the need for a mapping from SNOMED CT to MedDRA
- Lawrence Callahan provided some insight on the relationships among the various product adverse event reporting specifications
- The spreadsheet was updated and the group left off at V3 ID:D.8.r.7b Reaction (MedDRA code); this review will pick up next week.

**Wrap up:** The meeting time ran out; the group will continue to look at ICH and pick up with Adverse Event Report Modeling next week.

Action Item Description	Responsible Individual	Due Date
None for this meeting		

**Next Meeting:** Friday, March 28, 2014 at 2:30 EDT

### **Information for future FHIM information and terminology modeling calls:**

1) Information Modeling (IM) project call (Every Friday)

Time of Call: 2:30 to 4:30 PM Eastern Time

Dial-in Information: 1 (773) 897-3018, Access Code: 585-151-437

Web Meeting URL: <https://global.gotomeeting.com/meeting/join/585151437>

2) Terminology Modeling calls (Every Wednesday)

Time of Call: 2:00 to 3:30 PM Eastern Time

Dial-in Information: 1 (773) 945-1031 Access Code: 849-124-653

Web Meeting URL: <https://global.gotomeeting.com/join/849124653>
